

disadvantaged group status. If appropriate, SBA may hold hearings. SBA may also conduct its own research relative to the group's petition.

(4) *Decision.* In making a final decision that a group should be considered presumptively disadvantaged, SBA must find that a preponderance of the evidence demonstrates that the group has met the standards set forth in paragraph (d)(2) of this section based on SBA's consideration of the group petition, the comments from the public, and any independent research it performs. SBA will advise the petitioners of its final decision in writing, and publish its conclusion as a notice in the FEDERAL REGISTER. If appropriate, SBA will amend paragraph (b)(1) of this section to include a new group.

**§ 124.104 Who is economically disadvantaged?**

(a) *General.* Economically disadvantaged individuals are socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same or similar line of business who are not socially disadvantaged.

(b) *Submission of narrative and financial information.* (1) Each individual claiming economic disadvantage must describe it in a narrative statement, and must submit personal financial information.

(2) When married, an individual claiming economic disadvantage also must submit separate financial information for his or her spouse, unless the individual and the spouse are legally separated.

(c) *Factors to be considered.* In considering diminished capital and credit opportunities, SBA will examine factors relating to the personal financial condition of any individual claiming disadvantaged status, including personal income for the past two years (including bonuses and the value of company stock given in lieu of cash), personal net worth, and the fair market value of all assets, whether encumbered or not. SBA will also consider the financial condition of the applicant compared to the financial profiles of small businesses in the same primary industry

classification, or, if not available, in similar lines of business, which are not owned and controlled by socially and economically disadvantaged individuals in evaluating the individual's access to credit and capital. The financial profiles that SBA compares include total assets, net sales, pre tax profit, sales/working capital ratio, and net worth.

(1) *Transfers within two years.* (i) Except as set forth in paragraph (c)(1)(ii) of this section, SBA will attribute to an individual claiming disadvantaged status any assets which that individual has transferred to an immediate family member, or to a trust a beneficiary of which is an immediate family member, for less than fair market value, within two years prior to a concern's application for participation in the 8(a) BD program or within two years of a Participant's annual program review, unless the individual claiming disadvantaged status can demonstrate that the transfer is to or on behalf of an immediate family member for that individual's education, medical expenses, or some other form of essential support.

(ii) SBA will not attribute to an individual claiming disadvantaged status any assets transferred by that individual to an immediate family member that are consistent with the customary recognition of special occasions, such as birthdays, graduations, anniversaries, and retirements.

(iii) In determining an individual's access to capital and credit, SBA may consider any assets that the individual transferred within such two-year period described by paragraph (c)(1)(i) of this section that SBA does not consider in evaluating the individual's assets and net worth (e.g., transfers to charities).

(2) *Net worth.* For initial 8(a) BD eligibility, the net worth of an individual claiming disadvantage must be less than \$250,000. For continued 8(a) BD eligibility after admission to the program, net worth must be less than \$750,000. In determining such net worth, SBA will exclude the ownership interest in the applicant or Participant and the equity in the primary personal residence (except any portion of such equity which is attributable to excessive

withdrawals from the applicant or Participant). Exclusions for net worth purposes are not exclusions for asset valuation or access to capital and credit purposes.

(i) A contingent liability does not reduce an individual's net worth.

(ii) The personal net worth of an individual claiming to be an Alaska Native will include assets and income from sources other than an Alaska Native Corporation and exclude any of the following which the individual receives from any Alaska Native Corporation: cash (including cash dividends on stock received from an ANC) to the extent that it does not, in the aggregate, exceed \$2,000 per individual per annum; stock (including stock issued or distributed by an ANC as a dividend or distribution on stock); a partnership interest; land or an interest in land (including land or an interest in land received from an ANC as a dividend or distribution on stock); and an interest in a settlement trust.

**§ 124.105 What does it mean to be unconditionally owned by one or more disadvantaged individuals?**

An applicant or Participant must be at least 51 percent unconditionally and directly owned by one or more socially and economically disadvantaged individuals who are citizens of the United States, except for concerns owned by Indian tribes, Alaska Native Corporations, Native Hawaiian Organizations, or Community Development Corporations (CDCs). See § 124.3 for definition of unconditional ownership; and §§ 124.109, 124.110, and 124.111, respectively, for special ownership requirements for concerns owned by Indian tribes, ANCs, Native Hawaiian Organizations, and CDCs.

(a) *Ownership must be direct.* Ownership by one or more disadvantaged individuals must be direct ownership. An applicant or Participant owned principally by another business entity or by a trust (including employee stock ownership trusts) that is in turn owned and controlled by one or more disadvantaged individuals does not meet this requirement. However, ownership by a trust, such as a living trust, may be treated as the functional equivalent of ownership by a disadvantaged indi-

vidual where the trust is revocable, and the disadvantaged individual is the grantor, a trustee, and the sole current beneficiary of the trust.

(b) *Ownership of a partnership.* In the case of a concern which is a partnership, at least 51 percent of every class of partnership interest must be unconditionally owned by one or more individuals determined by SBA to be socially and economically disadvantaged. The ownership must be reflected in the concern's partnership agreement.

(c) *Ownership of a limited liability company.* In the case of a concern which is a limited liability company, at least 51 percent of each class of member interest must be unconditionally owned by one or more individuals determined by SBA to be socially and economically disadvantaged.

(d) *Ownership of a corporation.* In the case of a concern which is a corporation, at least 51 percent of each class of voting stock outstanding and 51 percent of the aggregate of all stock outstanding must be unconditionally owned by one or more individuals determined by SBA to be socially and economically disadvantaged.

(e) *Stock options' effect on ownership.* In determining unconditional ownership, SBA will disregard any unexercised stock options or similar agreements held by disadvantaged individuals. However, any unexercised stock options or similar agreements (including rights to convert non-voting stock or debentures into voting stock) held by non-disadvantaged individuals will be treated as exercised, except for any ownership interests which are held by investment companies licensed under the Small Business Investment Act of 1958.

(f) *Dividends and distributions.* One or more disadvantaged individuals must be entitled to receive:

(1) At least 51 percent of the annual distribution of dividends paid on the stock of a corporate applicant concern;

(2) 100 percent of the value of each share of stock owned by them in the event that the stock is sold; and

(3) At least 51 percent of the retained earnings of the concern and 100 percent of the unencumbered value of each share of stock owned in the event of dissolution of the corporation.
